

Experience the healing power of a volcano!

This tour will bring us to the base of the Miravalles Volcano, stopping on the way to a picturesque waterfall, where you can swim in a natural pristine pool.

After this, taking a horse or a tractor, we will go on a hike in the tropical rain forest, with 2 hanging bridges where we can find 3 hidden waterfalls. Finally, it's the moment to go to Las Hornillas, a walk through an active volcanic crater, with astonishing fumaroles, sulphuric rocks, and bubbling volcanic mud pools and hot springs.

Here you can take the famous hot springs treatment, which includes: Soothing sauna where your pores will open and cleanse. The sauna is built over a naturally heated mineral pool. Then cover your body with volcanic mud taken from the same crater, finishing with a relaxing break at a natural hot spring. All this with the amazing view of Miravalles Volcano.

Duration: Full day (7:30am - 4:00pm)
